# Capital Structure Focus on Debt

Enersis Américas' debt position allows the company to achieve growth at comfortable margins due to its rigorous financial policies

Debt profile as of

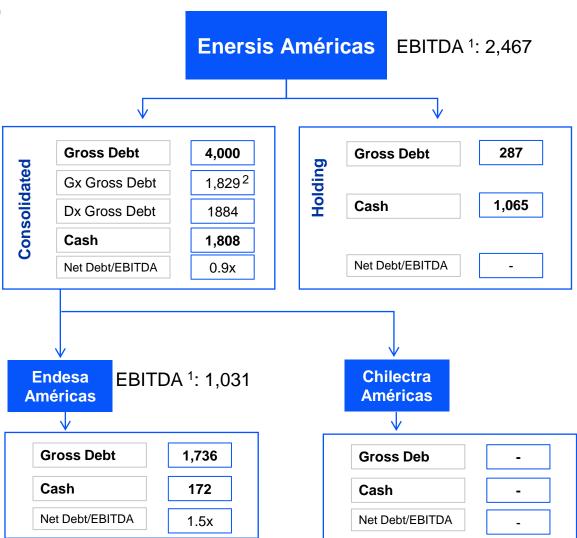

June 30, 2016 (MUS\$)

- Rigorous financial controls in place in each country and business
- Financial autonomy principle
- A potential default in any of our international subsidiaries would have no effect on Enersis Américas' debt contracts
- All projects are executed directly by operating companies and funded with their own cash flow and debt capacity

### Disclaimer

This presentation contains statements that could constitute forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995. These statements appear in a number of places in this announcement and include statements regarding the intent, belief or current expectations of Enersis Américas and its management with respect to, among other things: (1) Enersis Américas' business plans; (2) Enersis Américas' cost-reduction plans; (3) trends affecting Enersis Américas' financial condition or results of operations, including market trends in the electricity sector in Chile or elsewhere; (4) supervision and regulation of the electricity sector in Chile or elsewhere; and (5) the future effect of any changes in the laws and regulations applicable to Enersis or its subsidiaries. Such forward-looking statements are not guarantees of future performance and involve risks and uncertainties. Actual results may differ materially from those in the forward-looking statements as a result of various factors. These factors include a decline in the equity capital markets of the United States or Chile, an increase in the market rates of interest in the United States or elsewhere, adverse decisions by government regulators in Chile or elsewhere and other factors described in Enersis Américas' Annual Report on Form 20-F. Readers are cautioned not to place undue reliance on those forward-looking statements, which state only as of their dates. Enersis Américas undertakes no obligation to release publicly the result of any revisions to these forward-looking statements.
