Head of Administration Finance and Control Rest of the World and Group End to End Net Cash Flow Monitoring in Enel Group Italia.

Summary

Married and father of two children, I live in Rome where I graduated in Economics and Commerce from the University of Rome "La Sapienza".

In almost 37 years within the TIM Group, operating in Italy and Brazil, I have built a strong and multifunctional structure background, having been responsible for multi-functional teams within the Administration, Finance and Control Area.

My expertise covers all AFC processes: from strategic to operational planning, management control, administration and accounting rules.

Alongside my management career, I was a member of the Board of Directors of the Persidera, TIM Group subsidiary company.

From December 2023, I have been appointed responsibility of Administration Finance and Control Rest of the World and Group End to End Net Cash Flow Monitoring, which covers, in the Rest of the World, 24 countries in North Central and South America, Africa, Asia and Oceania in Enel.

The main roles and responsibilities, in addition to the coordination of the RoW core countries CFOs, are:

- to coordinate, according to Holding guidelines, the budget, industrial planning, forecasting and reporting processes for the consolidated perimeter of the Region and to support the budget, industrial planning, forecasting and reporting processes for the stewardship perimeter of the Region;
- to monitor regional economic, operating and financial results' evolution, identifying significant gaps and suggesting possible corrective actions;
- to monitor the end-to-end regional net cash flow generation through an integrated reconciled cross functional reporting and analysis;
- to carry out specific in-depth analyses on topics of particular relevance to the Group's Net Cash Flow, to implement actions aimed at improving the accounting and reporting systems to support cash flow monitoring;

- to provide regional cash cost optimization projects' integrated view including acquisition and disposal special projects;
- to analyze and monitor the RoW Countries' capital structure and financial cost optimization, to support the identification of initiatives and projects aiming at improving net cash flow generation, to foster the Region cost funding reduction
- to support cross countries financial governance and authorization processes in accordance with local and Group governance requirements.

Experience

Telecom Italia/TIM Group

37 Years

- I joined the Telecom Italia Group in 1987 in the Planning and Control Area and subsequently in the Strategic Planning Area with increasing levels of responsibility until I took on responsibility for the Reporting Function of TI Group in 2001;
- From the end of 2003 to March 2009, I moved to the TI Media Group (TI Group Media company) assuming responsibility for the Planning & Control function of Administration, Finance and Control and then returned to the Parent Company Telecom Italia Spa with responsibility for the Strategic and Group Planning function within Administration, Finance and Control & International Development
- From 2016 to 2018 I moved to Brazil to the subsidiary TIM PARTICIPAÇÕES S.A. (Holding TIM Brazil Group) assuming responsibility for the Accounting, Planning & Control function of Chief Financial Officer
- At the beginning of 2019 I returned to the Parent Company TIM Spa as head of the Supply Chain Governance & Innovation function of the Procurement Unit & Real Estate management
- At subsequently I covered the responsibilities of the P&C Technology and Innovation Office function within the Chief Financial Office and of the Wholesale Project Office function within the Chief Regulatory Affairs & Wholesale Market Office.

- At the beginning of 2023 I was appointed Chief Financial Office of Noovle Spa (TIM Group cloud company) and responsible for coordinating the Administration Finance & Control functions of Olivetti S.p.A and Administration & Control of Telsy S.p.A.
