

Enersis Inform - November 18, 2015

18-11-2015 Santiago

Santiago, November 18th , 2015. Regarding press inquiries about the resolutions of the Superintendency of Securities and Insurance received today, Enersis informs that the boards of Enersis and its subsidiary Endesa Chile, at its sessions of November 10th, instructed the management of both companies to carry out an assessment on the feasibility of the measures referred in the resolutions of the SVS, and included in the reports of the Directors Committees of Enersis and Endesa Chile, and their compatibility with the applicable legal provisions and with the terms and conditions of the corporate restructuring approved by the boards on November 5th .

This work has been developed and it will be presented to the consideration of the respective boards in the coming days, thus complying with the provisions of the resolutions of SVS within the deadline set by the regulator.
